

Product Name :
Marsh Funnel Viscometer

Product Code :
ENGLABINGCAG3900031

Description :

Marsh Funnel Viscometer

Technical Specification :

Marsh Funnel routine viscosity determinations on almost every drilling rig.
Volumetric accuracy is assured.
Plastic handle provides insulation for user's hand.
Made of rugged, break-resistant plastic that resist to the temperature change deformation.
A metal orifice assures accurate readings.
Total length: 355 mm
Supplied complete with plastic measuring cup 1 liter capacity.
Nozzle length and internal dia.: 50x5 mm
Top dia.: 150 mm
Weight approx.: 0.5 kg
