

Product Name :
U Bending Machine

Product Code :
ENGLABINGCAG4300017

Description :

U Bending Machine

Technical Specification :

Pressure Rolls And Pin Are Duly Hardened And Tempered
Main Shaft and Connecting Shaft Run On Gun Metal Bush Bearings
C. I. Casting Bed of Sturdy Design To Withstand At Heavy Loads
Main Gears Are Steel Fabricated And the Drive Is Given Through Reduction Of Gears Which Ensures Perfect Bending Load Even At Low Power Drive.
Main Shaft And Connecting Rod Rools Run In Oil Bath Which Provides Longer Operational Life.
