

Product Name :
Instant Moisture and Temperature Tester

Product Code :
ENGLABINGCAG440024

Description :

Instant Moisture and Temperature Tester

Technical Specification :

Battery: 4x1.5 V AA cells

Typical range: Moisture 0-25%; Temperature -20 to 60°C

Resolution: Moisture 0.1%; Temperature 0.1°C

Accuracy: Moisture: better than 0.5% over a given range; Temperature: better than 0.5°C

Measurement principles: Moisture: temperature compensated electric field

Platinum resistance detector

Weight: 2 kg (approx.)

Total length: 1.2 m (approx.)
