

**Product Name :**  
Field CBR Test Set

**Product Code :**  
ENGLABINGCAG400049

**Description :**

Field CBR Test Set

**Technical Specification :**

CBR test can be performed not only in laboratory but also in-situ. proposes a dual purpose test assembly that, connected to the suitable accessories, can satisfy both needs: For field testing, it includes all necessary components that, along with vehicle bracket, can be used for in-situ determination of bearing capacity of soils used in road construction. Alternatively, for laboratory testing, our frame can be assembled with the main components, to create a hand operated CBR machine.
