

Product Name :
Laboratory Drum Type Mixer

Product Code :
ENGLABINGCAG3600026

Description :

Laboratory Drum Type Mixer

Technical Specification :

Dimensional volume of the mixing pan is 125 liters and the effective mixing capacity is 75 liters. It is equipped with rubber wheels which provides high mobility. Its ability of mixing small volume of mixtures with high performance through the second engine which rotates the stirring beater in the opposite direction of the mixing drum's rotation direction. The mixing drum can be tilted to empty the mixture without hassle and it can be removed for easy cleaning on completion of the mixing operation. All parts of the mixer are galvanized and painted with non-corrosive paint. The protection class of machine is IP55.

Technical Specifications :

Drum volume: 125 litres
Power supply: 230V 1ph 50 Hz – 0,3 HP
Yield: 75 litres of concrete

Engineering Lab Equipment India
