

Product Name :
Computerized Temperature Control Trainer

Product Code :
ENGLABINGCAG2600005

Description :

Computerized Temperature Control Trainer

Technical Specification :

Pump, 3-stage :

Power consumption: 70W

Flow rate: 3,6m³/h

Head: 4m

Screw-in heater: 2kW

Heat exchanger: approx. surface area 2,8m²

Fan :

Power output: 250W

Flow rate: 780m³/h

Differential pressure: 430Pa

Speed: 2880min⁻¹

Thermocouple: type J: 0...200°C

Thyristor power controller max. Load current: 25A

Line recorder :

1x 4...20mA, 1x 0...20mA

Feed rate: 0...7200mm/h, stepped

Controller :

Process variables X, Y as analogue signals: 4...20mA

Power required for operation :

230V, 50Hz, 1 phase

230V, 60Hz, 1 phase

Engineering Lab Equipment India
