

Product Name :
Current to Pressure Measurement Trainer

Product Code :
ENGLABINGCAG260006

Description :

Current to Pressure Measurement Trainer

Technical Specification :

I to P: input 4 to 20mA. Output 3 to 15 PSI

Air Pressure Required: 30 to 80 PSI continues.

Pressure Gauge: Bourdon pressure gauge 30 PSI 4"-2 No's

Current Force

Display 3½ digits LED display.

Current o/p 4 to 20mV Variable by a potentiometer.

Resolution: 0-1mA

Accessories Supplied Air Regulator with fitter.

Necessary tubing's and cable.

Optional Air compressor at extra cost

Power required for operation

230V, 50Hz, 1 phase

230V, 60Hz, 1 phase

Engineering Lab Equipment India
