### **Product Name :** Level Measurement Train

# Product Code : ENGLABINGCAG2600008

## **Description :**

Level Measurement Trainer

### **Technical Specification :**

Measuring Tank: Acrylic tank of 60cms length

Measuring Range: 50 cms Water Pump: FHP vertical pump Source Tank: Metallic tank with EPI coating Display: 3.5 digit seven segment LED display Excitation: 10 V DC Sensor: LOAD CELL with rod suspended Tare: Front panel Zero adjustment through Potentiometer Calibration: Front panel cal adjustment through Potentiometer Power required for operation : 230V, 50Hz, 1 phase 230V, 60Hz, 1 phase

# Engineering Lab Equipment India
