Product Name:

Digital Corollis Component of Acceleration Apparatus

Product Code: ENGLABINGCAG3200005

Description:

Digital Corollis Component of Acceleration Apparatus

Technical Specification:

FEATURES:

Inertial or apparent force

Interference of a rotational movement on a translational movement

Visualization of the Coriolis force effect

Visualization of the Coriolis force effect

Rotating reference system

Water jet as moving mass

SPECIFICATION:

Rotating reference frame consisting of transparent water tank with submersible pump on a rotating arm Scale to read the deflection of the water jet

Closed water circuit

Speed sensor with digital display

Rotating arm Continuously adjustable speed: 0...60min-1

Submersible pump :

Flow rate: 10L/min

Required for operation:

Engineering Lab Equipment India
