

Product Name :
Motorized Universal Gyroscope Apparatus

Product Code :
ENGLABINGCAG3200008

Description :

Motorized Universal Gyroscope Apparatus

Technical Specification :

FEATURES:

Gyroscope torque vs processional speed.
Rotor speed vs gyroscope torque.
Determination of systems moment of inertia and nutation study.

SPECIFICATIONS:

Balancing weights: 1 lot.
Rotor speed: Upto 4000 rpm.
Precession speed: Upto 60 rpm.
Portable tachometer: 1 ea for rotor speed.
Stop watch: 1 ea for precession speed.
Steel ruler: 1 ea.

Required for operation :

230V, 50Hz, 1 phase
230V, 60Hz, 1 phase; 120V, 60Hz, 1 phase

Engineering Lab Equipment India
