**Product Name :**  
Automotive Electronic Circuit

**Product Code :**  
CHINAELABC0030005

**Description :**

Automotive Electronic Circuit

**Technical Specification :**

This trainer should be designed to teach students principles and introductory to Automotive Electronic Circuits through comprehensive practical activities using on-board component's matrix with modular electronic components.

The activities include simple DC circuits and measurements, lamp in series circuits, lamp in parallel circuits, lamp in series-parallel circuits, switches, battery and fuse, resistance circuit, diodes and transistor familiarization.

**Engineering Lab Equipment India**
