**Product Name :**  
Hand Held Tune-Up Analyzer

**Product Code :**  
CHINAELABC0030031

**Description :**

Hand Held Tune-Up Analyzer

**Technical Specification :**

Large display: 3-3/4 digit app. 4000 count, auto arranging meter with analog bar graph and additional setting symbol.

Record max. and min.

RS-232 interface to PC

Combine trig $\hat{A}\pm$  with duty cycle or pulse width

DC and AC Volts: 400mV, 4V, 40V, 400V, 500V.

Resistance: 400 $\Omega$ , 4K $\Omega$ , 40K $\Omega$ , 400K $\Omega$ , 4M $\Omega$ , 40M $\Omega$ .

Continuity buzzer

Diode test to check alternators, relays, solenoids.

K-type temperature probe should be included.

Currents DC and AC Current: 40mA, 400mA, 20A
