

**Product Name :**  
Separating and Throttling Calorimeter with Mini Boiler Test Bench

**Product Code :**  
ENGLABINGCAG340023

**Description :**

Separating and Throttling Calorimeter with Mini Boiler Test Bench

**Technical Specification :**

**FEATURES:**

Determining the vapour content using  
A separating calorimeter with cyclone water separator  
A throttling calorimeter with vapour depressurization  
Using an h-s diagram

**SPECIFICATIONS:**

Supplied vapour :  
Temperature: 240°C  
Pressure: 10bar  
Safety valve: 10bar

**Measuring ranges :**

Temperature: 0...400°C  
Pressure (outlet): -150...100mbar  
Pressure (inlet): 0...16bar  
230V, 50Hz, 1 phase  
230V, 60Hz, 1 phase

---

120V, 60Hz, 1 phase
