

**Product Name :**  
Cut Model of Rear Axle with Locking Differential

**Product Code :**  
ENGLABINGCAG3500016

**Description :**

Cut Model of Rear Axle with Locking Differential

**Technical Specification :**

**FEATURES:**

Operated: Manually (Through a Crank Handle)  
Equipment Layout: On Base  
Fine finish  
Simple operations  
Functional accuracy

**SPECIFICATION:**

The main components are:  
Axle shafts  
Bevel gear (pinion – crown)  
Differential (satellite and planetary) with locking differential  
Reducer and planetary on the hub  
Brakes with jaws/drum  
Double air brake element
