

**Product Name :**  
Vapour Compression Refrigeration Trainer

**Product Code :**  
ENGLABINGCAG2700013

**Description :**

Vapour Compression Refrigeration Trainer

**Technical Specification :**

**FEATURES:**

For better process monitoring the evaporator and condenser are of transparent design  
Design and operation of a compression refrigeration system  
Energy balances- calculation of the coefficient of performance  
Represent and understand the refrigeration cycle in the log p-h diagram
