

Product Name :
Wankel Engine Model

Product Code :
ENGLABINGCAG3500027

Description :

Wankel Engine Model

Technical Specification :

FEATURES:

Wankel engine model ideal for classroom demonstrations
Cross-sectioned various parts to show internal operation
Equipment Layout: On Base with wheel
Fine finish
Simple operations
Functional accuracy
Operated: Manually

SPECIFICATION:

Light metal construction.
Mounted on a base
Operated manually by a crank handle

Engineering Lab Equipment India
