

Product Name :
Multifunction Process Control

Product Code :
ENGLABINGCAG480006

Description :

Multifunction Process Control

Technical Specification :

Power input: single-phase three-wire 220V \pm 10% 50HZ \pm 10%

Power supply control: leakage circuit breaker turns on and off the power supply, with short circuit protection and leakage protection device.

Output:

Single-phase AC: 220V \pm 10% 50HZ.

DC power supply: 4-20mA analog output; DC24V 3A output.
