

Product Name :
Photovoltaic System off Grid Trainer

Product Code :
ENGLABINGCAG4900003

Description :

Photovoltaic System off Grid Trainer

Technical Specification :

This trainer use aluminum column structure, with measurement meter hanging box, load module hanging box, there is universal wheels at the bottom, it's easy to move.
photovoltaic solar plate takes aluminum structure to fix, according to solar angle to adjust solar panel angle degree. There is universal wheels at the bottom of solar board.
It can do many experiment circuit and components, students can combine them to different circuit, do different experiments and training content, and two of them are with locker. It's easy to move and fix.
Training workbench with safety protection system.
