

Product Name :
Capacitor Bank

Product Code :
ENGLABINGCAG5000020

Description :

Capacitor Bank

Technical Specification :

Capacitors: 4 cylindrical with laminated polypropylene dielectric 3 of 1 kvar and 1 of 3 kvar; Contactors: 4 of 20 amps;

Controller: Automatic; Cabinet: With ip54 protection;

Input protection: Thermomagnetic switch;

Stages Protection: 4 20 amp thermomagnetic switch;

Voltage type: Three-phase;

Voltage: 240 Volt;

Additional features: 6-stage automatic controller, discharge resistors in each capacitor or overcurrent limiting inductors, 2 indicator lights, 1 red and 1 green, metal cabinet with key, 1 transformer for controls and controls
