

Product Name :
Hybrid Electro-Hydraulic and Electro-Pneumatic

Product Code :
ENGLABINGCAG510005

Description :

Hybrid Electro-Hydraulic and Electro-Pneumatic

Technical Specification :

Accessories: Oil-hydraulic and pneumatic solenoid valves, single-acting pneumatic cylinders, double-acting oleo-hydraulic and pneumatic cylinders, limit switches, relays, power supply, particle detector, filter absolute and hoses;

Power: 220 Volt; Compressor capacity: 24 liters at 8 bar pressure; Distribution: Multivia;

Frequency: 60 Hertz; Advanced level; Hydraulic pressure: 0 to 50 bar;
