

Product Name :
Double Side Electro Pneumatic Trainer

Product Code :
ENGLABINGCAG5100019

Description :

Double Side Electro Pneumatic Trainer

Technical Specification :

1 x lubricated silent compressor for classroom use: pressure protected and safety valve
Power voltage 230V/50 HZ, Service pressure 7 bar.
Aspiration rate 40 L/MIN.
Tank volume 9 l.
Output with pressure regulator, pressure gauge and quick coupling.
Manual and mechanical pre-pressurization actuator
2 3/2 NF valves operated by push button
2 Distributors 3/2 NO operated by push button
1 3/2 NF valve operated by emergency stop button
4 Distributors FC 3/2 NF operated per roller
2 3/2 NF distributors operated by retractable roller
1 3/2 NF bistable distributor operated by a switch
1 5/2 valve operated by push button
