Product Name:

Double Side Electro Pneumatic Trainer

Product Code:
ENGLABINGCAG5100019

Description:

Double Side Electro Pneumatic Trainer

Technical Specification:

1 x lubricated silent compressor for classroom use: pressure protected and safety valve Power voltage 230V/50 HZ, Service pressure 7 bar.

Aspiration rate 40 L/MIN.

Tank volume 9 l.

Output with pressure regulator, pressure gauge and quick coupling.

Manual and mechanical pre-pressurization actuator

- 2 3/2 NF valves operated by push button
- 2 Distributors 3/2 NO operated by push button
- 1 3/2 NF valve operated by emergency stop button
- 4 Distributors FC 3/2 NF operated per roller
- 2 3/2 NF distributors operated by retractable roller
- 1 3/2 NF bistable distributor operated by a switch
- 1 5/2 valve operated by push button
