

Product Name :
Chemical Tin Plating Machine

Product Code :
ENGLABINGCAG5200011

Description :

Chemical Tin Plating Machine

Technical Specification :

Usage: electro tinning for double sides circuit board.
Tinplating time:8 to 12 minutes
Max electro tinning circuit board zone: 450*400mm²
Chemical groove max capacity:400x300x500mm³
Rectify power work voltage range:0-20V, work current range: 0~30A,work power: 360W
Capacity:40 liters
