

**Product Name :**  
Air Compressor Trainer

**Product Code :**  
ENGLABINGCAG5000038

**Description :**

Air Compressor Trainer

**Technical Specification :**

Wide range of applicable pressure, regardless of the flow rate, can reach the required pressure;  
High thermal efficiency and low power consumption per unit;  
Strong adaptability, that is, the exhaust range is wide, and it is not affected by the pressure level, and can adapt to a wider pressure range and cooling capacity requirements;
