

Product Name :
CNC Milling Machine Comprehensive Training Workbench

Product Code :
ENGLABINGCAG500077

Description :

CNC Milling Machine Comprehensive Training Workbench

Technical Specification :

Semi-physical milling machine can directly process workpieces, demonstrate machine tool zero return, machine tool overtravel limit, etc.

Cross table width (length x width): 450mm x 170mm

Cross table T-slot number and width: 3 x 12 mm

Spindle speed range: 20 ~ 1500 rpm.

Spindle chuck clamping range: $\varnothing 1 \sim \varnothing 13$ mm

Workbench X-axis travel: 450mm

Workbench Y-axis travel: 250mm

Workbench Z-axis travel: 250mm

X, Y, Z axis fast moving speed (Max) $\varnothing 4.0 / 4.0 / 3m / min$

Positioning accuracy: 0.02mm

Main motor power: 750W

Control system: GSK990M/DA98A (AC servo system)

Machine dimensions: 850 x 800 x 1600 mm

Engineering Lab Equipment India
