

**Product Name :**  
Flow Measuring Bench

**Product Code :**  
ENGLABINGCAG5000097

**Description :**

Flow Measuring Bench

**Technical Specification :**

The Level/Flow Process Trainer is a single loop system allowing the study of the principles of process control, using liquid level and flow rates as the measured process variables. The system is a completely self-contained, low pressure flowing water circuit supported on a benchtop mounted panel, making it suitable for individual student work or for group demonstrations.
