

Product Name :
Power Electronics Shunt Motor Control

Product Code :
ENGLABINGCAG5000112

Description :

Power Electronics Shunt Motor Control

Technical Specification :

DC motor
Armature winding terminal.
Excitation winding terminals.
Dual control switch -- power switch.
Power socket --AC220V.
Fuse
Armature voltage output terminal --DC 0-220v /5A.
Excitation voltage output terminal --DC 220V/1A.
Switch power socket --AC220V power supply.
Potentiometer -- armature voltage adjustment.
Armature voltage display.
