

Product Name :
Digital and Analogue Electronics Training Box

Product Code :
ENGLABINGCAG500126

Description :

Digital and Analogue Electronics Training Box

Technical Specification :

Power

Input: AC220V \pm 10%

Output:(1)DCV , \pm 12V/0.2A,DCI?0.2A(2)DCV, \pm 5V/2A,DCI?1A

Signal source

function generator

output wave shape: Square wave triangle wave sine wave

Amplitude: square wave triangle wave sine wave : (0 ~ 10 V for peak-peak)

Frequency range: it can be divided to 4 range: 0HZ~200HZ, 200HZ~10KHZ, 10KHZ~100KHZ, 100KHZ~200KHZ

DC signal, double way, \pm 5V, \pm 0.5V, it can be adjust continuously
