

Product Name :
Power Electronics Trainer

Product Code :
ENGLABINGCAG5000159

Description :

Power Electronics Trainer

Technical Specification :

- 6 Diode 11A/ 1000V on rail A5(we divide one A4 hanging box to two parts, so each part is one A5 hanging box. In another words, we supply A4 hanging box, not A5 hanging box.)
- 1 Capacity 2X 1000 m F on rail A5(we divide one A4 hanging box to two parts, so each part is one A5 hanging box. In another words, we supply A4 hanging box, not A5 hanging box.)
- 1 Three-phase transformer isolated 45/90V 1.5A on rail A4
- 1 RLC load for power electronics on rail A3(two A4 hang box contribute to one /A3 hanging box. In another words, we supply A4 hanging box, not A3 hanging box.)
- 1 Amplifier isolator 4 tracks on rail A4
