

Product Name :
Reverse Osmosis and Ultrafiltration Pilot Plant

Product Code :
ENGLABINGCAG590002

Description :

Reverse Osmosis and Ultrafiltration Pilot Plant

Technical Specification :

Heat exchanger of AISI 304 stainless steel
2 variable area flowmeters for permeate and concentrate
4 Pt100 with sheath of AISI 316 stainless steel
2 Bourdon gauges of AISI 304 stainless steel
Safety valve
Safety pressure switch
Switchboard with ELCB
