

Product Name :
Filtration Pilot Plant

Product Code :
ENGLABINGCAG5900003

Description :

Filtration Pilot Plant

Technical Specification :

Framework of AISI 304 stainless steel with castors

Sand filter of borosilicate glass with decreasing particle size and capacity of 30 l

Activated carbon filter of borosilicate glass with capacity of 30 l

4 pressure gauges, with range of 0 to 10 m of water column

Centrifugal pump with casing and rotor of AISI 304 stainless steel and flow-rate of 3000 l/h
