

**Product Name :**  
Advanced Electric Industrial Installations

**Product Code :**  
ENGLABINGCAG5000183

**Description :**

Advanced Electric Industrial Installations

**Technical Specification :**

Power and Control circuits of single motor  
Overload Connections in circuits with more than one motor  
Power and Control circuits for three motors  
Power and Control circuits for reversing the motion direction of a three phase motor  
Power and control circuits for operation of single phase motor  
End of stroke switches  
Photocell and proximity sensors  
Timer Control circuits  
Pressure control switches and liquid level indicator  
Power and Control circuits for a star delta motor
