Product Name : PLC Trainer Kit with Simulate

Product Code : ENGLABINGCAG500021

Description :

PLC Trainer Kit with Simulators

Technical Specification :

Input power: 230 v + 10% for 50 hz, single-phase three-wire system Capacity: working conditions: temperature - 10 °C ~ + 40 °C relative humidity Power control box takes aluminum structure, box type close structure, connect with training frame.
