

Product Name :
PLC Controlled Pneumatic and Hydraulic Training Test Bench

Product Code :
ENGLABINGCAG5100035

Description :

PLC Controlled Pneumatic and Hydraulic Training Test Bench

Technical Specification :

Pneumatic components
Main technical parameters:
Power: AC 220V 50HZ
DC power: input AC220V, output DC 24V/2A
Air compressor
Motor power: 250W power: AC220V
Nominal capacity: 10L
Rated output voltage: 1Mpa
Training Equipment dimensions: 1500mm*900mm*1700mm
Basic experimental Pneumatic circuit
Single-acting cylinder commutation circuit
Double-acting cylinder commutation circuit
Single-acting cylinder speed control loop

Engineering Lab Equipment India
