

Product Name :
PH Ration Control

Product Code :
ENGLABINGCAG5100053

Description :

PH Ration Control

Technical Specification :

Control console external dimension:1000x700x1400mm.
Water sample input tube diameter: ?8.
Acidification .alkalify input tube diameter : ?8.
Pollution discharge tube diameter : ?8.
Input power supply :AC 220(±22)V. power:200W.
Measurement parameter name and measurement range:
