

Product Name :
Modules with Electric Pneumatic and Hydraulic Actuators
Science

Product Code :
ENGLABINGCAG510061

Description :

Modules with Electric Pneumatic and Hydraulic Actuators Science

Technical Specification :

Actuator
Single acting cylinder
Double-acting cylinder with rubber pad
The electromagnetic valve
3/2 NC single solenoid valve
5/2 double solenoid valve
5/2 single solenoid valve
Control module
power supply
A set of electrical inputs (button pad with 3 buttons), a set of 3 relay
Indicator (pilot, buzzer) distributor
Reed automatic switch stroke electric end P/V-V/P converter
Electrical contact pressure switch
Pressure gauge with electrical contacts
A set of 20m blue tube and 20m flexible 4 mm white tube. A set of 10 "T" shaped accessories

Engineering Lab Equipment India
