

Product Name :
Industrial Robot

Product Code :
ENGLABINGCAG510062

Description :

Industrial Robot

Technical Specification :

Programming of industrial robots Professional equipment
Training can teach all the basics of robot programming
The maximum load is 6 kg and the range is about 706.7 mm
Designed for extremely high speeds
Number of axes: 6
Repeatability (ISO 9283): ± 0.03 mm
