

Email: sales@engineeringlabequipments.com

Product Name:

Product Code:

ENGLABINGCAG5100062

Description:

Industrial Robot

Technical Specification:

Programming of industrial robots Professional equipment Training can teach all the basics of robot programming The maximum load is 6 kg and the range is about 706.7 mm Designed for extremely high speeds

Number of axes: 6

Repeatability (ISO 9283): ±0.03 mm

Engineering Lab Equipment India
