

Product Name :
Compact Station Laboratory System

Product Code :
ENGLABINGCAG510065

Description :

Compact Station Laboratory System

Technical Specification :

Sensor:

4 capacitive sensors

Ultrasonic sensor

Flow Sensors

Pressure Sensor

Temperature sensor

pressure gauge

Actuator:

3,4 l/min at maximum pump 1,2 bar

Heating about 1000 W electrical:

Power channel with transformer and control

Integrated power supply

Motor controller with digital and analog control

Engineering Lab Equipment India
