**Product Name:** 

Compact Station Laboratory System

Product Code: ENGLABINGCAG5100065

## **Description:**

Compact Station Laboratory System

## **Technical Specification:**

Sensor:

4 capacitive sensors

Ultrasonic sensor

Flow Sensors

Pressure Sensor

Temperature sensor

pressure gauge

Actuator:

3,4 l/min at maximum pump 1,2 bar

Heating about 1000 W electrical:

Power channel with transformer and control

Integrated power supply

Motor controller with digital and analog control

## **Engineering Lab Equipment India**
