

Product Name :
Chemical Tin Plating Machine PCB

Product Code :
ENGLABINGCAG5200021

Description :

Chemical Tin Plating Machine PCB

Technical Specification :

Max electro tinning circuit board zone: 450*400mm²

Chemical groove max capacity:400x300x500mm³

Rectify power work voltage range:0-20V, work current range: 0~30A,work power: 360W

Capacity:40 liters
