

Product Name :
One Evaporator And An Open Type Compressor With Fault Simulation

Product Code :
ENGLABINGCAG740001

Description :

One Evaporator And An Open Type Compressor With Fault Simulation

Technical Specification :

Power supply: 380 V AC three-phase, 50/60 Hz, 1 kW.

Power supply: 220 V AC single-phase, 50/60 Hz, 0.37 kW

Weight and dimensions of Trainer On Industrial Refrigerators With One Evaporator And An Open Type Compressor With Fault Simulation

Trainer on industrial refrigerators with one evaporator and a semi-hermetic compressor:
