Product Name:

One Evaporator And An Open Type Compressor With Faul Simulation

Product Code:

ENGLABINGCAG7400001

Description:

One Evaporator And An Open Type Compressor With Fault Simulation

Technical Specification:

Power supply: 380 V AC three-phase, 50/60 Hz, 1 kW. Power supply: 220 V AC single-phase, 50/60 Hz, 0.37 kW

Weight and dimensions of Trainer On Industrial Refrigerators With One Evaporator And An Open Type

Compressor With Fault Simulation

Trainer on industrial refrigerators with one evaporator and a semi-hermetic compressor:

Engineering Lab Equipment India
