

Product Name :
Centrifugal Governor

Product Code :
ENGLABINGCAG8400001

Description :

Centrifugal Governor

Technical Specification :

Kinetics and kinematics of the following centrifugal systems

Porter governor

Proell governor

Hartnell governor

Adjustment of centrifugal governors

Recording the governor characteristic curves and setting curves

Calculation of the structural design and adjustment of different governors

Visualisation of the effect of centrifugal force

How various centrifugal systems work

Determination of characteristic curves and setting curves of different centrifugal governors
