

**Product Name :**  
PLC Programmable Controller Training Platform

**Product Code :**  
ENGLABINGCAG780002

**Description :**

PLC Programmable Controller Training Platform

**Technical Specification :**

Modular structure, hanging box is easy for doing different experiment, easy to organize various training project, expand and upgrade are convenient.

Main Parameters of of PLC Programmable Controller Training Platform

Size: 1700 mm x 700 mm x 1500 mm

Power supply: three-phase AC380V, power Main functions of PLC Programmable Controller Training Platform
