

Product Name :
Inverter Air Conditioner Circuit Maintenance Training Device

Product Code :
ENGLABINGCAG780003

Description :

Inverter Air Conditioner Circuit Maintenance Training Device

Technical Specification :

Dimensions: approximately 1400 mm × 700 mm × 1700mm (L × W × H) .

Input power: AC220V ± 10%, 50Hz.

Total faults: 18 .

Training Bench adopt industrial profiles, high-quality, light weight, with four universal wheel brakes, it can be easily moved.

Power supply: 220V ± 10%, 50Hz.

Output: 1 channel AC 220V output.

1 channel regulated output DC 5V

1-channel adjustable output 0 ~ 5V DC
