

**Product Name :**  
Geared Radial Drilling Machine

**Product Code :**  
ENGLABINGCAG10010004

**Description :**

Geared Radial Drilling Machine

**Technical Specification :**

Used for boring to create holes in different work materials.  
Provides consistent boring.  
Durable and reliable tool.  
Economic in pricing when compared to other boring instruments.  
Accuracy in making hole.  
No compromise made in quality of machine components.  
Requires less or low maintenance but provides excellent machining performance.  
Can drill maximum of 38mm.  
Creates less noise and less vibration.

Drilling Capacity (mm): 38  
Pillar Dia. (mm): 106  
Spindle Nose To table distance(mm): 625  
Spindle Nose To base distance (mm): 1000  
Distance from Spindle center to pillar Face (mm): 285  
Tapper in Spindle: MT.4  
No. of Spindle Speed: 8  
Rang of Speed(RPM): 70-2000  
Table Size(mm): 415x415

---

Base Size (mm): 400x350  
Over all Base Size (mm): 650X440  
Spindle Travel (mm): 225  
Pillar length (mm): 1425  
Overall height with Pulley Guard(mm): 1750  
V-Belt Section: B.58
