

Product Name :
3 Roll Pyramid Type Hydro Mechanical Plate Bending

Product Code :
ENGLABINGCAG10010005

Description :

3 Roll Pyramid Type Hydro Mechanical Plate Bending

Technical Specification :

The PBM Series 3 Roll Pyramid Type Hydro Mechanical Plate Bending Machines are designed with top roll UP & DOWN movement by hydraulic cylinder. This saves time & labor to adjust top roll. This feature makes the machine more productive and suitable for handling heavy jobs. Dropper end movement is done by hydraulic cylinder.
