**Product Name :**  
Sequential Logic

**Product Code :**  
ENGLABINGCAG14900006

**Description :**

Sequential Logic

**Technical Specification :**

This board allows the study of the following subjects:

MSI circuits in TTL logic, synchronous and asynchronous counters, shift registers, astable and monostable multivibrators, seven segment displays.

The board is composed of:

4 JK/MS flip •flop

2 D flip •flop

A BCD synchronous counter

A binary 4 bit synchronous counter

A BCD asynchronous counter

A binary 4•bit asynchronous counter

2 Monostable multivibrators

A Shift register, 8 •bit SI SO

2 BCD 7 •segment decoders

2 7 •segment displays

2 BCD rotating switches

8 capacitors

2 linear potentiometers
