

**Product Name :**  
Expansion Of Ideal Gases

**Product Code :**  
ENGLABINGCAG7900011

**Description :**

Expansion Of Ideal Gases

**Technical Specification :**

Learning objectives/experiments  
Determination of the adiabatic exponent according to Clment-Desormes  
Adiabatic change of state of air  
Isochoric change of state of air

Specification  
Behaviour of ideal gases  
Precise measurement of pressures and temperatures  
Transparent components  
Determination of the adiabatic exponent of air
